We can't escape toxins

There's no escaping the fact we live in a modern world. In the age of nuclear power, electric-everything, fast transportation and mega-manufacturing, we must face the unfortunate by-product of civilization—**Toxins** and **Pollution**.

Our health stands in direct opposition to the often ugly and harmful manufacturing process and resultant pollution associated with practically everything we make and do. About 94% of the materials extracted for use in manufacturing durable products become waste *before* the product is manufactured. Most of this waste is hazardous because manufacturing processes often use toxic chemicals. The toxic cost doesn't stop with manufacturing, but continues as we add pollution from product use and disposal to the equation.

Our addiction to modern living infiltrates every aspect of our lives, from poisoning our environment and groundwater as we extract raw elements to poisoning our food chain and the air we breathe. There is no escape from the hazards of toxic manufacturing, chemical waste, biotoxins, pollution, chemical and biological weapons, agricultural runoff, heavy metals and radiation.

Over time these toxins infiltrate our bodies and accumulate in levels that can cause serious harm, leading to lifelong disease or death. The problem is not going away and, without a clear means of fighting back, many people resign themselves to a life of poor health and no better options. But there *is* a better way. **While you can't realistically avoid toxins, you can fight them with the help of Veaya Global's advanced products.**

Natural health-enhancement

Prevention and nature-based treatment for a healthier, happier life

Veaya Global understands people want to be healthy. We all want to feel better, have more energy and enjoy life to the fullest. But how do regular people achieve greater health and pleasure from life without access to expensive spas, personal trainers and an in-depth knowledge of biochemistry and medicine? We believe there's an easier way to achieve what you want.

Veaya Global prescribes to a real-world view on health-enhancement that is based on two simple principles:

1. **Prevention** - increase your body's ability to fight off disease
2. **Nature-based health care** - combine the best scientific research and development with nature's most powerful tools, leveraging thousands of years of natural development into Veaya Global's *ultra-products*, specifically designed to help you feel better and get the most out of life.

Capitalizing on the best of what nature has to offer us while improving our own natural ability to fight off diseases is the one-two punch often missing in today's "take a pill" culture. Western medicine has traditionally taken a pharmaceutical approach to defining health care, ignoring some of nature's best treatment plans. Veaya Global does not underestimate the power of our natural world. Why spend billions of dollars synthesizing what nature has already done for free? Our philosophy is simple -- we're here to help people, not make a financial killing at sick people's expense.

We teach people to share the "wealth." Not just the wealth of our opportunity, but the wealth of better health, happier people, and the satisfaction knowing that you are helping others. This is the Veaya Global difference, and it's the best way to start revitalizing your life, today.

Healthy living can be an illusion

Protect Your Family

Everyday toxins we ignore

Formaldehyde off-gasses (evaporates) from cushions, particleboard and the adhesives used to manufacture most inexpensive wood-based products. Carpets and carpet cushions may also off-gas formaldehyde, causing eye and upper respiratory irritation. According to the EPA, formaldehyde may even cause cancer.

Radon is the second-leading cause of lung cancer in the United States, warns the Surgeon General. Radon is a natural radioactive gas that can seep into homes through cracks in the basement, the surrounding foundation and in well water. It enters the body quietly through the airways.

Lead Levels once thought to be acceptable are now known contributors to learning disabilities and behavioral problems. Lead is found in paint in older houses, old plumbing and soil near highways and busy roads. It causes neurological and kidney damage, high blood pressure, disrupted blood cell production and reproductive problems.

Pesticides: Chlordane, aldrin, dieldrin, though all banned for nearly two decades, continue to show up airborne in older houses and on the foods we eat.

Vinyl chloride is the source of “new car smell”: The plastic interior of a new car off-gasses this known carcinogen. Water sitting in PVC pipes overnight may also be steeping into a toxic tea. Very large exposures can lead to “vinyl chloride disease,” which causes severe liver damage and ballooning of the fingertips.

Disinfectants: Phenols, which include biphenyl, phenolics and the preservative pentachlorophenol, are found in disinfectants, antiseptics, perfumes, mouthwashes, glues and air fresheners.

Dioxin The major sources of dioxin are in our diet. Since dioxin is fat-soluble, it bio-accumulates, climbing up the food chain. In addition to cancer, exposure to dioxin can also cause severe reproductive and developmental problems (at levels 100 times lower than those associated with its cancer causing effects).

Mercury is present in fish, as well as substances relating to dental care, adult and infant vaccinations, varieties of thermometers, and fluorescent lights.

Veaya Global

Your new partner for health and prosperity

Veaya Global was created by its founder, James Watson and his intense desire to add real positive value to people's lives. Incorporating the wisdom of his visionary mother, Veaya Watson, James has built an entire global family network dedicated to serving others. For the past 20 years, he has traveled throughout the world, experiencing first-hand our common global connections—from hardships to our triumphs. And it is these success stories that James wants to give to you. Veaya Global is dedicated to helping people achieve their personal triumphs. Wherever we call home, we all have the same fundamental needs and desires.

- We want to enjoy better health.
- We want to be financially secure.
- We want to share these gifts with our friends and families.
- And we want more out of life.

Veaya Global's concept is simple: improve people's lives.

Be happy. Be healthy. Share.

This is the heart of Veaya Global. This simple formula is what drives our global efforts, what motivates us, and what will ultimately help you reach and surpass your dreams of a better life. This is our promise to you: Together, we can make it happen. Together, we are unstoppable!

Your Opportunity

What are you waiting for?

“The rarest of gems are those companies that offer real value. Forget hype and focus on what is tangible. Companies like Veaya Global are few and far between. The value is real. The products are real. And the opportunity is beauty to behold.

—Eric Chng,

Economically speaking, there is little good news these days. Weak markets, rising costs, and decreased governmental budgets all point to a grim picture that have millions across the globe scrambling for solutions. Failing social nets and decreased personal income limit people's options for even basic health services. This situation is NOT sustainable. People needed answers to their problems **yesterday**. Veaya Global understands that you need the opportunity to make a comfortable, livable income **today**. And you need a partner that will be looking out for your wellbeing **tomorrow**.

While politicians talk about creating jobs in the *future*, Veaya Global is creating not only jobs, but lifetime opportunities right *now*! Our formula for success works. **Be happy** - create the wealth necessary to enjoy life. **Be healthy** - Use

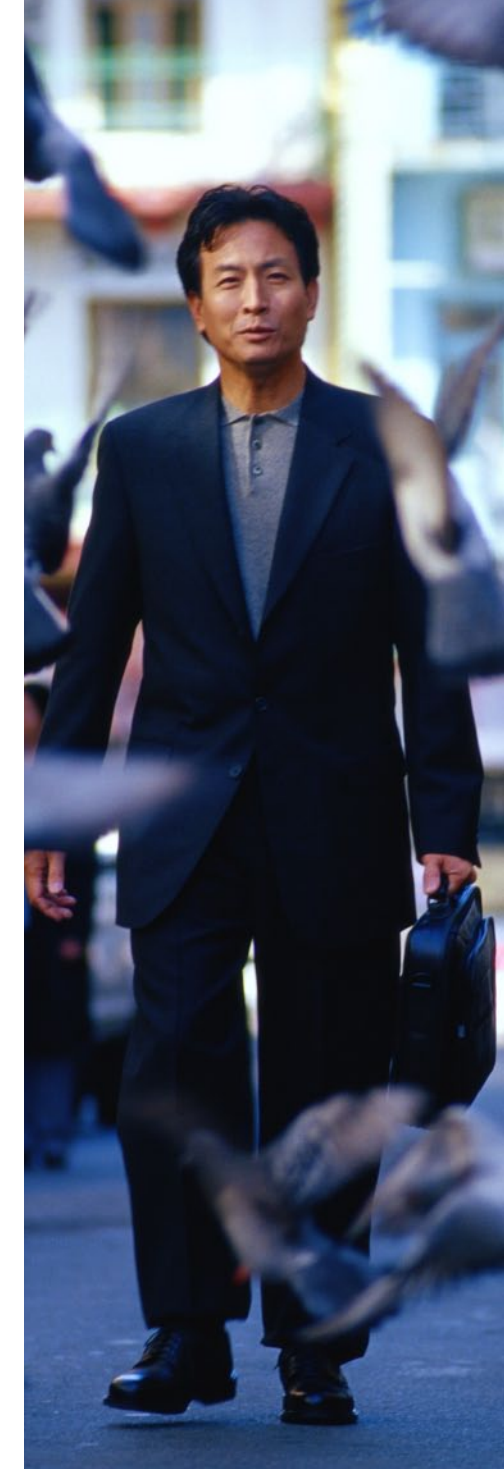

Veaya Global's advanced products to fight against the ravages of toxins and pollutants.

Share. Choose a career that not only helps you and your family, but helps create jobs all around you!

The one silver lining in the global economic crash is the robustness of the health and wellness industry. Veaya Global can provide you the income, the answers, and advanced health solutions today and well into the future. The clear choice for a better tomorrow is Veaya Global. Your new life begins now.

A global economy demands companies develop global vision. Veaya Global is your ticket to the advantages of world-wide commerce.

Veaya Global's Ultimate Protection Plan

We are a company driven by the desire to minimize and even reverse the terrible health issues that arise from living in a modern, toxic world. We concentrate our efforts on three key areas of your life, all designed to help you enjoy life more, be happier and live longer, stronger and healthier.

LYFE— The first step in our Ultimate Protection Plan is to revitalize your life beginning with a drink we simply call "LYFE." Life-nurturing and life-enhancing, our delicious all natural juice rekindles your body's natural abilities to protect itself while laying down a foundation of super-dense nutritional supplements to support a new holistic healing processes. Loaded with 10 super-fruits and berries, LYFE is packed with powerful antioxidants and critical vitamins and nutrition.

ZEO8— With a firm foundation built with LYFE, the second step is to eliminate toxins from your body. ZEO8 was created to help you manage your risk from exposure to toxins by removing harmful substances from your body. Developed from safe, microscopic negatively charged natural compounds called zeolites, these unique "cages" attract and capture for elimination heavy metals, carcinogens, free radicals, viral particles and other biotoxins.

Wealth— the final step in our Ultimate Protection Plan includes *providing income opportunity*. For those who want to increase their wealth while restoring their health, we have developed one of the best compensation plans in the industry. Simply sharing the unique opportunities found at Veaya Global with your friends and family can open many new and exciting doors to a better tomorrow. The path to a healthier, happier and more productive life has never been more clear.

Harnessing Zeolites

Real science, real solutions

Zeolites are a group of geometrically porous minerals with unique characteristics that can be beneficial to your health. These rare minerals are formed as a result of metamorphism when volcanic ash and rock crystallize on contact with alkaline water. The resulting process creates a molecular structure similar to a honeycomb with a beneficial negative charge. The combination of shape and magnetic polarity is what gives Zeolites their detoxifying characteristics.

As microscopic Zeolites circulate inside your body, their negative charge attracts positively charged particles, such as lead, mercury, arsenic and other toxins. The cage-like molecular structure traps the toxin, and as the Zeolite is naturally eliminated from the body, the toxin goes with it. An additional benefit of this "cage" is that it keeps the toxin from being exposed to the body again as it leaves.

You can think of Zeolites as micro-sponges that are small enough to pass through individual cell walls, quietly working to clean your body, absorbing positively-charged heavy metals, carcinogens, free radicals, viral particles, pollutants and biotoxins. The detoxification occurs automatically, thanks to the unique characteristics of Zeolites.

Our Clinoptilolite Zeolite molecules are simply ingested into your body with our tasty ZEO8 powder (berry flavor or citrus flavor), or sprayed into your mouth with our ZEO8 mint flavored spray. The zeolite molecules begin working immediately. They are transported throughout your body, helping to remove toxins, and after 6-8 hours, the zeolite cages and trapped toxins are eliminated through your urine. Natural chelation therapy is effective and safe.

Veaya Global uses only natural zeolites, extracted from a mine and used only for human consumption, to give you the high potency you need in a safe product.

What Can Zeolites Do?

- Eliminate toxic buildup
- Enhance immune function
- Improve metabolic function
- Improve nutrient absorption

Zeolite molecular cages can trap a variety of toxins including heavy metals like mercury, lead and arsenic; biotoxins; pesticides; and even radioactive material

Building your LYFE foundation

Advanced antioxidant & nutrient-rich elixir

Brewed from exotic nutrient-dense fruits, wild berries and all natural ingredients, LYFE is your foundation to better health. Veaya Global's first pillar of our Ultimate Protection Plan. LYFE is a health-enhancing natural juice drink that helps support your body's ability to fight off diseases. LYFE combines the world's most powerful natural antioxidants into a revolutionary proprietary formula.

Where does LYFE come from? Veaya Global has searched the planet to find the perfect blend of exotic "pharmacy fruits"— antioxidant rich berries, potent natural extracts and vital nutrients and vitamins so you can feel healthier and restore your life.

The first element in LYFE is the little known fruit, Cupuaçu. This dynamic super-fruit is found in the tropical rainforests of Brazil and provides a powerful weapon against free radical cellular damage. LYFE is packed with B1, B2, and B3 vitamins, and essential fatty acids contained in Cupuaçu and additional polyphenols including Red Grape, Goji berry and Pomegranate.

Veaya Global will help you fight against free-radicals, toxins and deficient nutrients. This unique blend is a virtual "anti-aging cocktail" supporting improved circulation, immune system support and increased vitality.

LYFE has been shown to:

- Naturally stimulate the immune system
- Neutralize free radicals in the body
- Help maintain healthy cholesterol levels
- Increase energy and stamina
- Support the body's ability to fight disease
- Generate healthier skin and hair

Power Up!
Restore your life

Cupuaçu: This exotic super-fruit is packed with important nutritional phytochemicals, vitamins, amino acids and powerful antioxidants. Cupuaçu's unique ingredients can help stimulate your immune system and eliminate free radicals.

Goji Berry: Long been known as the "herb of longevity," this berry provides a powerful combination of antioxidants and polysaccharides, as well as compounds rich in vitamin A.

Cranberry: Rich in bioflavonoids, cranberry has long been used to help prevent urinary tract infections, help slow the buildup of dental plaque and even help prevent infections in the stomach that lead to ulcers.

Acerola Cherry: Touted as the ultimate source of Vitamin C, it has been shown to help fight cellular aging, help with skin hydration, and promote a healthy capillary system.

Tomato: Tomatoes contain all four major carotenoids and have huge amounts of lycopene and potassium. They may help inhibit tumors, and reduce the risk of prostate cancer.

Pomegranate: Loaded with amino acids and a rich source of antioxidants including polphenols, Pomegranate may help with many cardiovascular conditions and may have potent antiatherogenic effects with plaque buildup.

Blueberry: Known as the "king of berries," they rank the highest of any fruit for antioxidants. Long used by Native Americans medicinally, these small berries are packed with antioxidants, and vitamin C.

Green Tea: With a decade's worth of research behind it, green tea is a powerful boost to anyone's health regimen. Green tea's unique catechins, especially epigallocatechin-3-gallate (EGCG), are more concentrated due to its minimal processing.

Grape Seed Extract: Rich in OPC-Oligomeric Proanthocyanidins, this excellent extract can help remove free radicals, and benefit cardiovascular conditions like poor circulation and high cholesterol.

Your Earning Power

Six fantastic ways to earn money

Veaya Global offers a truly rewarding compensation plan. The Veaya Global business opportunity offers significant income potential for anyone willing to dedicate the necessary time, effort and resources. In short, Veaya Global is a company built on *rewarding its representatives*.

1 Retail Sales Bonuses

The easiest way to supplement your income is to just sell Veaya Global products to your customers who do not want to become a distributor. By purchasing Veaya Global products at wholesale prices and then selling those products at a retail price to your customers, Veaya Distributors earn the difference between the wholesale price and the retail price. It's easy, simple and, you can begin earning income right away!

2 First Order Bonus

Veaya Global Distributors earn a one-time bonus for each personally enrolled distributor's Enrollment Kit. The bonus amount depends upon which kit is purchased. The cash amount of the FOB is deducted from the GV value of each package. The remaining GV will be used to calculate all additional bonuses.

3 Team Commission Bonuses

The Team Commissions bonuses are calculated from your team tree, which has two legs, left and right. The leg with less Group Volume (GV) is referred to as your Lesser Leg. You will be compensated based on GV within the team tree.

Distributors can earn 10% or 12% of the GV, depending on rank, in the lesser Team Tree leg starting at 500GV – this is paid in increments of 100GV up to a maximum of 100,000GV (\$12,000 per week).

- Bronze Master, Silver Master, Gold Master, Pearl Master, and Sapphire Executives will receive a 10% payout for team commissions.
- Emerald Executive, Ruby Executive, Diamond Executive, Double Diamond Executive, and Triple Diamond Executives will receive a 12% payout for team commissions.

Rank	% Bonus
Bronze Master	10%
Silver Master	10%
Gold Master	10%
Pearl Master	10%
Sapphire Executives	10%
Emerald Executive	12%
Ruby Executive	12%
Diamond Executive	12%
Double Diamond Executive	12%
Triple Diamond Executive	12%

I have been involved with network marketing for many years and I have always been frustrated with the fact that in every company, I was required to build up a team of around 20 to 30 people before I was even breaking even on my monthly product purchase.

It is so refreshing to finally find a company like Veaya Global that pays a **Fast Start Bonuses** so that with as few as 2 personally sponsored distributors on my team, my monthly product order is free. Now I can focus on building my team, instead of worrying about how I'm going to pay for this month's order. Thanks, Veaya Global!"

–Esther

4 Rank Advancement Bonuses

We believe every success should be handsomely rewarded. Veaya Global Distributors earn even more with our Rank Advancement Bonuses when they achieve Pearl Master rank or above for the first time. Distributors must meet all requirements of the rank in order to earn the Rank Advancement Bonuses.

5 Matching Bonuses

The Matching Bonuses (MB) entitles you to receive a percentage of the Team Commissions of personally enrolled Distributors and the people they personally enroll and so on up to a total of nine generations. A generation is defined as all qualified (for MB) people you personally enroll, and the qualified people they personally enroll, and so on to the ninth generation. Each generation has no population limit. To earn MB you must be paid as Silver Master rank or greater and you must meet personal volume qualifications for the current bonus period.

Matching Bonus payouts are done on generations of Silver Master distributors or above. Matching bonuses are limited to \$500 per distributor matched against.

6 Lifestyle Bonuses

Upon achieving the rank of Diamond Executive, distributors can earn up to \$13,000 per year, paid weekly (\$250 per week). This payout will be effective for 4 weeks, and will be continued beyond that based on criteria met during the previous 28 days. Distributors must be Active with 200pv and be Qualified in order to earn Lifestyle Bonuses.

Upon achieving the rank of Double Diamond Executive, distributors can earn up to \$26,000 per year, paid weekly (\$500 per week). This payout will be effective for 4 weeks, and will be continued beyond that based on criteria met during the previous 28 days. Distributors must be Active with 400pv and be Qualified in order to earn Lifestyle Bonuses.

Upon achieving the rank of Triple Diamond Executive, distributors can earn up to \$39,000 per year, paid weekly (\$750 per week). This payout will be effective for 4 weeks, and will be continued beyond that based on criteria met during the previous 28 days. Distributors must be Active with 600pv and be Qualified in order to earn Lifestyle Bonuses.

A message from the founder, James Watson

Recently I was on a long flight and was seated next to a well-known reporter for an American television news network. As the flight crew seated us they called me by name, which made him smile and ask me if I spent more time with my family or the Delta Airlines crew. We had a good laugh. This man has spent the last 30 years as a major foreign correspondent. He has traveled the world to report on stories from every part of the world.

We shared many experiences about our travels and certain places that we had both been to. Travelers have a common bond. My new friend told me about the brutality of our world. He saw the world as a place of war, disease, suffering and corruption. For many hours I was captivated by his stories of danger and political intrigue.

He then asked me about my opinion on our future. In my life I have had the fortune to travel this beautiful world. I have visited more than 50 countries and conducted business in most of them. My simple answer surprised him: "Mothers will save our future." I told him.

I had a different perspective of our world. I explained that humanity is good and beautiful. That no matter what color our skin is, no matter what God we pray to, no matter what shape our eyes are, mothers, everywhere, all want the same thing: A better life for their families! This common desire is more powerful than all the bombs and armies in the world. Mothers hold the key to our future. There is nothing greater than a mother's love.

He sat back in silence for a few moments, and then asked: "What do you do?"

I handed him my business card and he read. . . VEAYA GLOBAL. I told him the story of our company, and about my mother, her death and her influence on me. How in her final moments she asked me to: 1. Smile more. 2. Love. 3. Serve others.

I learned so much from my mother (and father), yet sometimes knowledge takes time to evolve into wisdom and wisdom translates into action and deeds.

My mother was always obsessed with natural and healthy foods for her family. While most kids were eating typical American over-processed foods, we ate organic fruits and vegetables. While most kids drank colas and sodas, we drank water, juices and fresh milk. When my friends began to smoke, I never did. My mother did not allow it. I have always lived a healthy lifestyle but I never understood the true value of my mother's wisdom until many years later when I joined the health supplement and nutrition industry. It opened a key in my heart and planted a seed in my mind: How can I bring my mother's love and wisdom to the world?

I spent the next 20 years in business working, learning and searching. I was blessed with great success and helped to build one of the largest Network Marketing Companies in the world, yet I was frustrated and saddened at some of the practices in our industry. I was ashamed of some of the misleading marketing materials and shoddy product ingredients. I was sad to see Distributors treated as only dollar signs but not as partners and families.

I could not bring my mother's name into something unless it was good and pure. I needed to control every product and every facet of the company in order to truly help everyone on earth improve their lives and help their families. This is why I decided to create Veaya Global, a company with pure and science based products, honest and achievable opportunity that truly wants to bring about a better world.

Every mother wants a better life for her children and opportunities for her family. This powerful desire drives her to work hard and make large personal sacrifices. I have seen miracles created by mothers from every corner on the earth. I am in awe of their determination, work ethic and bravery. My mother gave birth to not only me, but a vision to serve everyone everywhere with the wisdom of a mother's loves. Her spirit guides us today.

At the end of my long flight, the reporter and I went our separate ways. As I waited for my luggage at Customs, I felt a hand on my shoulder. It was the reporter. This man, who had seen the horrors of life, had tears in his eyes. He shook my hand and quietly said "You are right. Mothers will save us and I'm sure your mom is proud of you. God bless your company."

I have never been as proud of our (your) company or as optimistic for our future as I was at that moment.

Veaya Global is a company you can always trust, a pathway to create your own destiny, a life time chance for you to be part of a legend. Together, we will remain disciplined, humble and always work hard. Our destiny is assured and guided from above. Let us start achieving our dreams by serving and helping people everywhere to find a better life.

"The journey of a thousand miles starts with a first step," and our journey begins now.
